

168. Excel Sheet Column Title

题目描述: <https://leetcode.com/problems/excel-sheet-column-title/>

给定一个数字，求其对应的Excel表格中的列数。

解题思路:

代码:

```
class Solution {
public:
    string convertToTitle(int n) {
        string a;
        while(n>0){
            n--;
            int k = n%26;
            n = n/26;
            a = char(k+'A')+a;
        }
        return a;
    }
};
```
